

Elbert School District #200
Handbook Acknowledgement

As a staff member of Elbert School District #200, I acknowledge that I have read and understand the handbook rules and regulations for the current school year. I understand these handbooks are a fair representation of the Elbert School District policy. I understand, if a dispute should arise from the content of this handbook(s), the Elbert School District Policy Manual and any rules adopted by the board of Education supersedes any information that may be printed in the handbook(s).

In an effort to conserve resources, the District will be printing a minimal number of handbooks. The handbook may be viewed on the school's website at www.elbertschool.org.

I have read and understand the following handbook(s):

_____ Employee Handbook

_____ Student Handbook

_____ Emergency Preparation Handbook
